

“Marvel not that I said unto thee, Ye must be born again.” John 3:7

THE HUMAN EXPERIENCE

The Human Nature is comprised of Body, Soul and Spirit. With the Body, we are world-conscious. With the Soul, we are self-conscious. With the Spirit, we are God-conscious. The First Adam was Humanly Righteous. He was without sin in the Human State. The Old Adam is the result of the First Adam falling into sin and death - the body, soul and spirit. When succumbed to Lucifer's temptation, he lost his relationship with God. Fallen Man could only come into relationship with God through the blood sacrifice, the Lord Jesus Christ, in the New Testament time. The New Man is brought about by regeneration (*born ones*) which is "summorphos - the amalgamation of the spirit of man with the Spirit of the God-man, Jesus Christ." Human Kind has Personhood since they were created in the image of God. Personhood is the entity that we call "self" and is identified when we use "I" and "me." This entity gives us personality with the individualized traits of "self-awareness, moral self-determination and unique self-expression." Some theologians call this the "soul." Unrepentant Man following the Great White Throne Judgment will be cast into the Lake of Fire.
